

Self- and Peer Assessment Form

DIT032 / DAT335

Student Name: Kalle Hålldén

Group: SG2

Assignment: 2

Self Assessment

(briefly describe the tasks you carried out in this assignment in your own words – be concrete!)

I was partially responsible for part 1 but mostly just “spell checking” i.e double checking and changing a few things to make sure they were correct according to how I understood the concept.

I was entirely responsible for part all of part 3.

I was partially responsible for part 2, we helped each other out here and did about the same amount of work here, hard to distinguish between what he did vs what I did.

Peer Assessment

(briefly describe the tasks your partner carried out in this assignment in your own words – be concrete!)

Mostly responsible for part 1.

Partially responsible for part 2, again we did about 50/50 here.
